The Coronary Sinus
CSI – A new Approach to Interventional Cardiology

Contents

Preface	1
To Beck and Back	
Harken, D. E.	3
The Beck Era: A Springboard for Renewed Research of Coronary Venous Retroperfusion Aimed at Treatment of Myocardial Ischemia	
Meerbaum, S.	12
Enhanced cooperation – a challenge of cardiovascular research	
Mohl, W.	21
International Working Group on Coronary Sinus Interventions	
Mohl, W., Faxon, D., Schaper, J., and Ryan, T.	23
Report of the international working group on coronary sinus interventions	
Mohl, W., Faxon, D., Glogar, D., Gore, J. M., Jacobs, A., Mai, D., Meerbaum, S., Moser, M., Juhasz-Nagy, A., Punzengruber, C., Raberger, G., Roberts, A., Tritthart, H., Winters, E., and Wolner, E.	28
Coronary sinus interventions: clinical application	
Jacobs, A. K.	37
The promise and limitations of coronary venous retroperfusion: lessons from the past and new directions	
Meerbaum, S.	50
Technological aspects of coronary sinus interventions	
Mohl, W., and Simon, P.	71
Pros and cons – coronary sinus interventions vs. conventional therapy	
Faxon, D. P.	74
CSI: temporary support or long-term therapy	
Mohl, W.	81

Selective arterialization of coronary veins: Clinical experience of 55 American heart surgeons	
Hochberg, M. S., Roberts, A. J., Parsonnet, V., and Fisch, D.	83
Arterialization of the Left Anterior Descending Coronary Vein in Dogs: Successful Long-Term Flow Evaluation	
Hochberg, M. S., Gielchinsky, I., Parsonnet, V., Hussain, S. M., and Norman, J. C.	90
The Hemodynamic Consequences of Coronary Sinus Occlusion	
Jacobs, A. K., Faxon, D. P., Apstein, C. S., Coats, W. D., Gottsmann, S. B., and Ryan, T. J.	98
Coronary Sinus Assessment of Left Ventricular Pressure in Man	
Faxon, D. P., Jacobs, A. K., McSweeney, S. M., Coats, W. D., Kellett, M. A., and Ryan, T. J.	106
The Effects of Arterial Reperfusion, Synchronized Diastolic Coronary Venous Retroperfusion and Pressure Controlled Intermittent Coronary Sinus Occlusion on the Morphologic Evolution of Myocardial Infarction	
Fishbein, M. C., Meerbaum, S., Corday, E., Haendchen, R. V., Drury, J. K., and Mohl, W.	113
Selective Arterialization of the Coronary Venous System Under Low Pressure	
Moll, J. J., Moll, J. W., Zwoliński, M. C., Kucharski, K., Papiewski, A., and Maroko, P. R.	120
Present Knowledge of the Effects of Experimental Cardiac Lymphatic Obstruction	
Schad, H.	127
Hemodynamic Pattern of Cardiodepression Elicitable from Reflexogenic Areas in Left Coronary Venous System of the Dog	
Juhász-Nagy, A., and Szabó, Z.	135
Hemodynamics of coronary sinus occlusion in the canine heart under an increased sympathetic drive	
Juhász-Nagy, A., Kékesi, V., and L. Papp	143

Pros and cons of coronary sinus interventions versus conventional therapy	
Faxon, D. P., and Hugenholtz, P. G.	149
The transfemoral catheterization of the coronary sinus in the clinical practice	
Heublein, B., Linß, G., Franz, N., Romaniuk, P., Modersohn, D., and Strangfeld, D.	157
Evaluation of coronary sinus interventions by two-dimensional echocardiography	
Maurer, G.	163
Coronary sinus interventions during cardiac surgery	
Lazar, H. L., and Roberts, A. J.	169
Concluding remarks on interventions perioperatively	
Wechsler, A. S.	171
Concluding remarks on coronary sinus interventions in cardiology	
Ryan, T. J.	173
Summary statement	
Roberts, A. J.	175
Summarizing Statement of the Panel of Working Groups	
Faxon, D., and Mohl, W.	179
